Truckee Republican

73rd Year, Number 9 — Truckee, Nevada County, California, Thursday, April 10, 1941 — Established in 1869

SUN BEAMS

by WALTER M. BARRETT

The need of a state highway patrol office in this immediate district is becoming daily more apparent and the fact that we have none is not alone an inconvenience but a great expense to the local car and truck owners. A trip of more than 100 miles is required if a driver's license is to be renewed or if it becomes necessary to transfer or procure new license plates. When the checking stations were operating, this was unnecessary and drivers from all over this district took advantage of the local office, a privilege to which they were rightly entitled and to which we believe they are still entitled. Local patrolmen, with more work than can be handled expediently, cannot be expected to take time off from patrol duties to administer clerical service. We feel that with the increasing year-round population in this region that a patrol office is more than justified.

It cost less than $800 to raise and plant more than 100,000 rainbow trout for the Truckee River last year, a report of the San Francisco Flycasting Club reveals. This is a comparatively small sum for the great benefit derived. Through this rearing and planting program, augmented by the splendid work of the state fish and game commission, the Truckee River is probably the finest anglers' haven in the state and each year it should continue to grow better. Rigid law enforcement, increased interest in the stream and its tributaries by local sportsmen and a continued program of planting have done much to revive the fishing. Truckee contributed $400 of the $775.52 spent directly last year on the rearing project. The San Francisco sportsmen made up the difference besides supplying the $10,000 tanks and other necessary equipment and taking care of securing and planting the trout. We are fortunate in having the cooperation of this fine group.

Some idea of what we may expect from a national ski championship may have been gathered from the huge crowds which flocked to this area over the past weekend when the California state championships were held at the Sugar Bowl. Truckee, as well as every other center in the area, enjoyed a spurt of business as a result of the meet. If a state meet can draw such a crowd despite inclement weather, then we can heartily endorse the national meet which may be held on Donner Summit next year.

State highway crews have just completed repainting the wide white line down the center of the highway from Nevada westward. This is a noteworthy improvement and from a safety standpoint should minumize accidents as well as being of vast benefit to drivers.

It is pleasing to note that in virtually every store in Truckee owners are enlarging and adding to their stocks. This goes a long way in indicating the faith they have in the community's future and cooperation. The least we can do is to show that this faih is not misplaced by giving them our patronage.

Overheated Stove Gets Blamed for Blaze at Gateway on Thursday

The Truckee Volunteer Fire Department was called out last Thursday afternoon in response to an alarm from Gateway Park where an overheated oil stove was blamed for a fire in a cottage owned by R. Joseph. The house was occupied by Frank Nease.

Fire Chief N. F. Dolley said the damage to the interior of the building and furnishing would probably not exceed $500.

Nease discovered the fire in the front room of the dwelling when he returned home from work in the evening.

Residents of the district have petitioned the Truckee Fire District to be included in the area served by the efficient department and modern equipment.

BUY TRUCK

The directors of the Truckee Public Utility District Tuesday night studied a plan for the reduction of domestic lighting rates but did not take action on the proposal. They confirmed the purchase of a new Dodge truck from A. R. Ghirard and transacted other routine business.

Stanford Skier Captures First In State Meet

Carl Bechdolt In Fifth Place at Sugar Bowl

Hundreds of ski fans trekked to the Sugar Bowl Saturday and Sunday to watch Boo Blatt of Stanford capture first place in the combined downhill and slalom California championship meet held there. Blatt was first in the slalom, making the difficult course in one minute and 45 seconds. He was defeated in the downhill only by Bill Robinson, Canadian Pacific Coast champion, who negotiated the two mile course in two minutes, 39 and three-tenths seconds.

Bill Johnson was second in the combined, with John Blatt of Yosemite third, Chap Wentworth of Pasadena fourth and Carl Bechdolt of Tahoe fifth.

In the downhill, Chris Swarzenbach of Pasadena was third, John Blatt fourth and Wentworth fifth.

Wentworth was second in the slalom, with Bechdolt third, John Blatt fourth, and Robinson fifth.

In the women's slalom, Yvonne Blossom of Pasadena was first in two minutes, 18 and one-fifth seconds, defeating Kathleen Starratt of Tahoe who was second, Gertrude Wepsala of Canada, Jerry Brown of Reno and Alice Hardy of Reno.

Miss Wepsala was first in the combined, with Katherine Henck second, Jerry Brown third, Marcel Backley of Reno fourth and Doris Post of Reno fifth.

Miss Blossom and Miss Starratt were disqualified in the downhill after losing skis. This event was won by Miss Wespala in four minutes and 11 seconds. Miss Barkley was second, Miss Post third and Miss Brown fifth.

Swarzenbach made the best recorded time on the downhill in one minute 17 and one-fifth seconds. The record for the course is one minute and 17 seconds flat.

County Quota is Filled Until June Says Clerk Of Local Draft Board

NEVADA CITY— Merle Morrison, clerk of the Nevada County selective service board, announces this county will not have to supply men for the sixth and seventh draft calls.

Morrison said Nevada County's quota has been filled until the latter part of May or the first part of June.

The fifth call draftees left Monday.

Parents and Teachers Are Shown Popular Pictures By Coca-Cola Man Here

The regular meeting of the Truckee Union Parents and Teachers Association was held in the Grammar School last Friday with the new staff of officers presiding.

After the regular business meeting, Mrs. E. G. Harris, the retiring president was presented with a P. T. A. past president's pin and a vase.

W. M. Englehart, Sr., showed his flower arranging slides and gave each person present books of "Flower Arrangements."

Miss Lois Robinson of the high school faculty, gave a most interesting practical demonstration of flower arrangement Particular interest was evidenced toward her suggestions for arranging plants and wild flowers native to this section.

The new officers, headed by Mrs. Grant Keetch, served refreshments at the close of the business session.

One more meeting will be held before the summer recess and all parents are urged to attend.

TO WESTWOOD

Fred Kohler, W. H. Laity, Douglas Barrett and Erving Waters, members of the flying squad of Summit Lodge No. 54, K. of P., visited a special meeting of Almanor Lodge No. 236 of Westwood on Saturday night. They were accompanied by Mrs. Kohler.

Knights Of Pythias Preparing For 39th Roll Call Meeting

W. M. Englehart, Sr., chairman of the 38th annual Roll Call program for Summit Lodge No. 54, Knights of Pythias, announces that the program has been completed for Friday, May 9, at the Grammar School auditorium. The affair will mark the 62nd anniversary of the organinzation in Truckee.

The principal address will be given by Vernon C. Cash, grand chancellor of the state of California. Other speakers will include M. J. Hursey, Nevada's grand chancellor, N. E. Wilson and Judge Clark Guild, supreme representatives of Nevada, and Robert B. Tonini, chancellor of the Truckee lodge.

Singing will be led by Frank W. Gaiennie, accompanied by Mrs. Lotta Bryant, who will also play for the marches and opening ceremonies. W. M. Englehart, Jr., will be heard in a piano solo and Gino Giani of Carson City will play an accordion solo. Englehart, Sr., will call the roll for the 119 members. Invocation and benediction will be by Rev. Grant Keetch.

Summit Lodge was instituted in Truckee on May 5, 1879, and the annual roll call, which orginated here to be copied by many other lodges, was started in 1903 and has become an outstanding event in the lodge.

THREE FINE SHOWS COMING TO THEATER HERE DURING WEEK

Millions of dollars worth of entertainment is the justified claim of value for the program at the Donner Theater this week.

Saturday night's offering at Vern Shattuck's shadow show-house will be Paramount's Technicolor production, "Virginia", starring the lovable and lovely trio of stars of "Honeymoon in Bali," Madeline Carroll, Fred MacMurray and little Carolyn Lee. The story is concerned with the struggle of tradition and today in aristocratic Virginia.

"Strawberry Blonde", showing Sunday, is an adaption from the Broadway production, "One Sunday Afternoon" which enjoyed an exceptionally long run. Produced by First National, this comedy of the gay Ninties stars Rita Hayworth, Olivia de Havilland and James Cagney.

The mid-week flicker drama will be Paramount's revival of the pre-war (the other one) western thriller, "The Round Up." Richard Dix, star of the immortal "Cimmaron", is starred opposite lovely Patricia Morison. Preston Foster is cast in the "heavy" lead.

Local Outing Club Ends Season Out of the "Red" According to Secretary

The Truckee Outing Club ended the winter season in good financial condition, according to a report by Secretary Vernon Pearson at the last meeting on Thursday night. While it will be necessary to raise more money for next year's operations, if the program is to be increased, all bills have been paid and a small balance remains.

The election of officers for the club will be held May 6, it was announced. President Yell Nobles presided at the last meeting.

Niece of Local Women Achieves Rcognition As Concert Pianist Recently

Mary Barbis, young concert pianist who is widely known for her talent, recently had her picture taken with Alex Templeton of radio fame.

Miss Barbis was the featured soloist in the 90 piece Young People's Symphony Orchestra at a concert given April 6 and has donated much of her time recently to play for benefit concerts given for the distressed people of Europe.

She is the niece of Mrs. Mary Roquette and Mrs. Elden Tonini and has often visited here.

New Storms In Sierra Delay Snider Rescue

Snowmobile To Be Used When Trip Is Possible

PLENTY OF FOOD

Forest Service Men Will Make Attempt at Rescue

New storms which have followed one another over the Sierra for the past two weeks have delayed the rescue of District Ranger Hobart I. Snider, isolated in a shelter cabin in the wilds of French Meadows. Snider suffered a severe leg injury while on a snow survey ten days ago and his two companions were forced ot leave him while they skied out to The Cedars for aid.

An airplane was employed to take food and other essentials to the stranded ranger and James Wheeler, assistant ranger from Big Bend, who stayed with the injured man after a group of skiers made the difficult trek into the area shortly after Snider was hurt, only to find it was impossible to bring him out at that time.

It s held probable that as soon as the weather permits, a snowmobile will be used to bring Snider back to civilization and medical attention.

The group which skied into the cabin last weekend, beside Wheeler, included Assistant Supervisor Ernest Baxter, who was one of the two men with Snider when he was hurt, Ranger John Hodgson of Big Bend who is leading the rescue work, Forester Leland Smith, Roy Thompson, caretaker at The Cedars, and Herman Ardor, caretaker at Ice Lakes.

They reported upon their return that Snider was doing as well as could be expected, the bad sprain showing signs of improvement and the injured ranger is good spirits. Roads to the cabin are blocked in some places by 30 feet of snow, Hodgson said.

The rescue party arrived at the cabin on the day of Snider's birthday and the event was the occasion of as much pleasure as the circumstances permitted.

Radio equipment, food and other supplies dropped from the airplane by Dispatcher Elwood Stone were safely received by the stranded pair, although it is believed the radio was damaged.

Just when the rescue will be effected depends entirely upon the weather, forest service men say.

With Forest Ranger Snider isolated in a snow-bound cabin in the bleak French Meadows area suffering from a leg injury, it is not possible for the Sierra Sun to provide accurate reports on the weather, precipitation and other details which are kept by Mr. Snider here and supplied to this office. From all indications, however, there will be a large increase in precipitation reported when he returns. For the past two weeks, the area has been subjected to inclement weather, snow and rain falling intermittently.

Pyhian Sisters Plan For Initiation of Candidates At Meeting of April 24

Five new members are slated for induction into Summit Temple No. 79, Pythian Sisters, at a meeting to be held April 24, it was announced at the meeting last week.

At last week's session, W. M. Englehart, Sr., showed the colored pictures of flower arranging presented through the Coca-Cola Company, and distributed books on the subject to those present. Mrs. Irene Englehart and Mrs. Lotta Bryant were in charge of the program and the serving of refreshments.

Following the regular meeting tonight, the staff will practice for the initiation ceremonies.

Report Shows Cost Of Raising Trout For Truckee River

With the trout fishing season only 20 days in the future, local sportsmen are giving serious though to the prospects for replenishing the streams in this vicinity during the coming fall season.

A report from the San Francisco Flycasting Club shows that $775.52 was the total cash expended last year for raising and planting more than 100,000 rainbow in the club's tanks east of Truckee. This does not, of course, include the cost of the tanks and other equipment made available by the flycasting club.

Of this total, Truckee businessmen and sportsmen contributed $400, club members put up $300 and the club's treasury suffered for the balance of $75.52.

A break-down of the expenses for last year is found in the following report from C. B. Petersen, secretary of the flycasters.

Income

Members' contribution	$300
Truckee sportsmen	400

Expenses

Salaries	$103.84
Electricity	45.96
Misc. Expense, repairs	53.29
Food	395.00
Auto Expense	67.20
Meals for Fish Employes	66.00
Bd. and Rm. (State Expert)	40.00
Payroll Taxes	4.15
Total	$775.52

EASTER PROGRAM ON SUNDAY FEATURES CHORAL SINGING

The Easter services at the Community Methodist Church will begin with the Sunday school session at ten o'clock. At this service there will be special features in keeping with the day. Due to inclement weather, Easter sunrise service will not be held as had been planned.

A special choir has been practicing for the eleven o'clock worship at which the program will be as follows:

Piano prelude, Mrs. John Wolert; hymn, "Crown Him with Many Crowns"; invocation; choral response, "The Lord's Prayer"; hymn, "There is a Green Hill Far Away"; Scripture reading; The Gloria; hymn, "Beneath the Cross of Jesus"; announcements; hymn, "Christ the Lord is Risen Today"; offertory; offertory response by choir; choral hymn, "God Hath Sent His Angels"; sermon, "Newness of Life"; hymn, "All Hail the Power of Jesus' Name"; benediction, and doxology.

The topic for the Young People's League meeting at six o'clock will be "He Has Come Back to Life".

In preparation for the services on Easter Sunday a special communion service will be held at the church tonight at 7:30 and a Good Friday service will be held from two to three o'clock tomorrow afternoon. All are cordially invited to attend the services.

S. P. Opens Tahoe Track For Freight Tuesday; No Passengers 'til June

The Southern Pacific's Lake Tahoe tracks were opened Tuesday by the rotary plow and in the near future freight traffic will be started to Tahoe City. Passenger service over the line usually does not start until the first part of June.

73 Hear Legionnaire Tell Of Defense Problems at Rotarian Ladies' Night

Howard Bennetts of Grass Valley, past district commander of the American Legion, spoke on National and Civic Defense before a Ladies Night meeting of the Truckee-Tahoe Rotary Club held Tuesday night at Soda Springs. Motion pictures of the evacuation of Dunkerque and several musical numbers also enlivened the meeting attended by 73.

The program chairman was Barney Corrigan of Tahoe City and Theodore Schleuter presided.

Directors Named For Year After Chamber Ballot

Group Will Select Year's Officers at First Meeting

Reorganization of the Truckee chamber of commerce became effective Tuesday evening at the regular meeting held at Bank of America when seven directors to have charge of the business affairs of the civic group were elected. These directors will meet at a later date to select officers.

The seven elected from the eleven nominees were Yell Nobles, E. L. Loynd, C. Edmunds, A. P. Fontana, F. W. Gaiennie, V. C. Shattuck and Walter M. Barrett.

N. F. Dolley, chairman of the clean-up committee, reported that progress is being made and that within the near future at least two old unsightly and untenantable houses will be removed.

Further discussion was held relative to the proposed erection of a service station at Commercial and Spring Street, but no action was taken.

The next regular meeting will be held April 22 at the bank.

HEARING ON LOCAL ELECTON IS SET BY BOARD FOR MAY 2nd

The board of supervisors has fixed May 2 as the date of the hearing on the petition asking that an election be called for the purpose of deciding whether or not Truckee shall become a city or remain simply as an unincorporated portion of Nevada county.

The board will make a study of the boundaries suggested in the petition and hear any objections to the proposed area. Following the hearing which will be held at Nevada City, the board will fix the date for the election.

The official notice of the hearing will be found on page two of the this week's Sierra Sun.

Early Action by Congress Is Seen by McCarran on Boca Reservoir Measure

RENO—Senator Pat A. McCarran sent word here from Washington that he expects prompt senate action on his bill providing payment of the disputed engineering charges on the Boca dam and reservoir.

McCarran's message said the secretary of the interior as well as the senate committee on irrigation and reclamation have approved the bill and passage by the house is expected within a few days after favorable senate action.

Construction of the Boca Dam was completed in November, 1939, but the bureau of reclamation refused to turn over the project to the Washoe County Water Conservation District, claiming $80,000 was due in engineering charges, in addition to the $1,000,000 contract price. The water users contended the government should assume these charges and as a result, control of the project remains with the reclamation bureau.

Seawell Bill Would Stiffen Penalty for Sabotage of Trains with Death or Life

Senator Jerrold L. Seawell of Roseville Tuesday introduced a bill in the state legislature which would provide the death penalty for the wrecking or attempted wrecking of a train with injury to persons resulting. Life imprisonment without the possibility of parole would be the penalty for attempting to wreck a train if no injury resulted.

Senator Seawell's action recalled the recent attempt to wreck a Southern Pacific train near Towle as a result of which three Sacramento men were sentenced to 14 years each in a federal penitentiary.

NOTICE OF HEARING ON PETITION FOR ORGANIZATION OF MUNICIPAL CORPORATION TO BE KNOWN AS CITY OF TRUCKEE

WHEREAS there has been filed with the Board of Supervisors of the County of Nevada, State of California, a petition for the organization of a municipal corporation, to be known as the City of Truckee, and which said petition is as follows:

BEFORE THE BOARD SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

IN THE MATTER OF THE PETITION FOR ORGANIZATION OF MUNICIPAL CORPORATION TO BE KNOWN AS "CITY OF TRUCKEE."

PETITION

TO THE HONORABLE, THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA:

The petition of the undersigned respectfully shows:

I

That your petitioners desire to have organized a municipal corporation to be known as the "City of Truckee," and to provide for the election of officers thereof, in accordance with an act to provide for the organization, incorporation and government of municipal corporations, California Statutes of 1883, page 93, as amended.

II

That each of your petitioners is the holder of title or evidence of title to lands situate within the limits of the municipal corporation herein proposed to be organized, as defined by statute.

III

That the undersigned petitioners own collectively not less than twenty-five per cent (25 per cent) of the value of the land included in said limits as such value is shown on the last equalized assessment roll of the County of Nevada.

IV

That the number of inhabitants within the said boundaries, as nearly as may be determined, is fifteen hundred (1500).

V

That the said property includes both densely populated and industrial areas, all situated within Township Seventeen (17) North, Range Sixteen (16) East, Mount Diablo Base and Meridian, and is more particulary and accurately described as follows:

Commencing at the Northeast corner of the South half of the Southeast quarter of Section Ten (10) Township Seventeen (17) North, Range Sixteen (16) East, M.D.M.; thence Westerly along the North line of said subdivision, 2640 feet, more or less, to the Northwest corner of said subdivision; thence southerly along the West line of said subdivision to the quarter section corner between Sections Ten (10) and Fifteen (15); thence Westerly along the section line, 2640 feet, more or less, to the section corner common to sections Nine (9), Ten (10), Fifteen (15) and Sixteen (16); thence Westerly along the section line 2640 feet, more or less, to the quarter section corner between Sections Nine (9) and Sixteen (16); thence Southerly along the center line of Section Sixteen (16) to its intersection with the county line between Nevada and Placer Counties; thence Easterly 7920 feet, more or less, along the said county line to its intersection with the East line of Section Fifteen (15); thence Northerly along the East line of said Section Fifteen (15) 3780 feet, more or less, to the Southeast corner of the Northeast quarter of the Northeast quarter of Section Fifteen (15); thence Easterly along the South line of the North half of the Northwest quarter of Section Fourteen (14), 2640 feet, more or less, to the Southeast corner of said subdivision; thence Northerly along the East line of subdivision, 1320 feet, more or less, to the quarter section corner between Sections Eleven (11) and Fourteen (14); thence Northerly along the East line of the South half of the Southwest quarter of Section Ten (10) 1320 feet ,more or less, to the northeast corner of said subdivision; thence Westerly along the North line of said subdivision 2640 feet, more or less, to the Northwest corner of said subdivision, identical with the Northeast corner of the South half of the Southeast quarter of Section Ten (10), and the place of beginning. The above described land being in Township Seventeen (17) North, Range Sixteen (16) East, M.D.B. and M.

WHEREFORE your petitioners pray that this petition be accepted for filing and that upon hearing held in accordance with law the Board of Supervisors fix and define the boundaries as hereinabove set forth, and ascertain and determine how many inhabitants reside within such boundaries; that the Board cause notice of election to be given as provided by law, for the purpose of determining whether the said proposed corporation shall become incorporated and for the purpose of providing for the election of such officers as shall be required for such city of the sixth class, and that upon the casting of sufficient votes therefor the Board make its order declaring the said territory duly incorporated as a municipal incorporation of the sixth class under the name and style of the "City of Truckee."

IN WITNESS WHEREOF, the undersigned petitioners have hereunto affixed their name and the day and year hereinafter set forth opposite their respective signatures:

AFFIDAVIT OF GENUINENESS OF SIGNATURES

State of California ss.
County of Nevada

WALTER M. BARRETT, A. B. POLYANICH and R. JOSEPH, being first duly sworn, each for himself and not for the other, deposes and says:

That he is holder of title or evidence of title to lands within the limits as defined in the annexed petition: that he is personally acquainted with each and all of the persons whose names are affixed to the foregoing Petition as signers thereof; that the said petition was actually signed and executed by each person whose name is affixed thereto, and each and all of said signatures are genuine.

Walter M. Barrett
A. B. Polyanich
R. Joseph

Subscribed and sworn before me this 24 day of April, 1940
C. B. White (SEAL)
Notary Public in and for the County of Nevada, State of California.

And WHEREAS, the said Board of Supervisors has fixed Friday, May 2nd, 1941, at the hour of 10 o'clock A. M. of said day, and the meeting room of the said Board of Supervisors at the Court House at Nevada City, California, as the time and place for the hearing of said petition and has ordered that said petition and notice of said hearing be published for at least two (2) weeks before the time fixed, in the Sierra Sun, a newspaper of general circulation printed and published in said County of Nevada.

THEREFORE, NOTICE IS HEREBY GIVEN that Friday, May 2nd, 1941, at the hour of 10 o'clock A. M. of said day, and the meeting room of the Board of Supervisors, at the Court House at Nevada City, California, have been fixed as the time and place for the hearing of the said petition, for the purpose of making such changes in the proposed boundaries as the Board may find to be proper and of establishing and defining the boundaries of said proposed municipal corporation, and ascertaining and determining how many inhabitants reside within such boundaries, at which hearing all persons interested therein may appear and be heard.

Dated at Nevada City, California, this 3rd day of April, 1941.

R. N. McCormack
Clerk of the Board of Supervisors, of the County of Nevada, State of California.

Easter Eggs

(WNU Service)

EDITORIALS

'TOMORROW MAY NOT COME'

The Easter season is here—season of hope everlasting and faith eternal. What will it mean, one wonders, to people abroad in the grips of deadly war?

The philosophy of war-bitten countries, they say, changes from day to day, from week to wook, as life becomes more precarious. Courage remains, among a courageous people, but moral and social values fluctuate with the surge of war.

"Criminal activities among youth," reports a social survey committee, "in blacked-out London today is on the increase—just as adult crime is intensified by living conditions geared for war, not peace.

"The tendency among youth particularly, in this war as in the last, is toward a philosophy of living 'just for today—tomorrow may not come.' You hear it too often to be completely comfortable it."

Yet—when Easter dawn tips a million towering crosses on a million high flung hills—possibly one thing and one only will touch for a time the hearts of the bombing, killing war-locked peoples abroad, and make them remember. That is a deep-seated sureness, passed down along the rolls of humanity since Christ died and rose again, that Easter is the reminder and the proof of hope everlasting and fatih eternal. War, however bitter, however annihilative, has never, can never, blot it out.

EIGHT YEARS OF C. C. C.

Now entering its ninth year, the Civilian Conservation Corps finds itself to be a major asset in the preparedness program though defense was far from the thoughts of America when it first took form in 1933.

Although the hundreds of thousands of young men who at one time or another were its enrollees received no military training, large numbers of them have become expert as mechanics and gained experience in driving heavy tractors and trucks. Others have received valuable training as welders, telephone men, field radio operators, surveyors and photographers. Some 125,000 young Californians have received such vocational instruction in CCC camps during the last eight years, while the total number for the nation is nearly 3,000,000.

The work record of the CCC youths during this period is an enduring achievement in conservation. The special training enrollees acquired in the course of that work has provided the nation with skilled workers—and equipped the workers for skilled jobs—at a time when they are most needed.

The rearmament push, steadily gatehring in strength, is lifting employment figures in the West to higher levels with every succeedinf month. The Twelfth Federal Reserve District, coming forth with its newest batch of figures, announces that during February and March employment soared 30 per cent above the same period last year. In terms of the 1923-25 average, that's an increase of 161 per cent—a record that speaks for itself.

What Makes Restaurant Popular?

Good food, properly cooked, expertly and pleasantly served, is what makes a restaurant popular...and it's partly the reason for our popularity with the people of Truckee and Tahoe. Too, our prices are right—low enough for your profit, high enough for a profit for us.

WINGS FOR AMERICA
by Don Wiley
MEMBER, AVIATION WRITERS ASS'N

An announncement the other day by Lord Beaverbrook, pudgy little boss of British aircraft production, rang up the curtain on what historians may have reason to describe as the "four-engined phase" of World War II.

The Beaverbrook announcement covered the appearance on the European scene of the Consolidated "Liberators", California-built longe range high speed bombers known to their San Diego producers as Model 32s and to the U.S. Air Corps as B24s.

WAR ON CONTINENT

The appearance of the "Liberators" may well mark a new phase because in these ships the RAF will possess bombers capable of carrying tremendous bomb loads from England to any sector of Europe and return nonstop....in other wrds, capable of really carrying the war home to the people of the Axis powers.

In the early phase of the war, the belligerent nations paid scant attention to the long range heavy bombardment field, though the United States had pioneered the development of four-engine bombers as far back as 1935. But now, according to no less an authority than Major General H. H. Arnold, chief of our own Air Corps, both England and Germany have realized their shortsightedness and are working frantically to make up this deficiency.

LAUD "LIBERATORS"

That the British think highly of the "Liberator" is evidenced from the following tribute which appeared in the magazine "The Aeroplane", one of the most constant and caustic critics of American aircraft:

"At last the Royal Air Force is about to receive from America aeroplanes which are superior to anything at present in service....The Consolidated four-motor bomber is the best military aeroplane ever built in America. We await with both interest and enthusiasm the arrival of the first Consolidated B24 in this country."

A few basic comparisons illustrate how the California-built ship tops what is currently Britain's biggest bomber—the Vickers-Armstrong Wellington:

POWER: The Consolidated has four 1200 hp Pratt and Whitney engines; the Wellington two engines ranging from 1000 to 1145 hp.

SPEED AND RANGE: Consolidated, 330 miles per hour and more than 3000 miles (both maximum); as against the Wellington's 280 mph and slightly more than 2500 miles.

BOMB LOAD: The Consolidated can carry a top load of 4 tons, far, far more than any ship now in service in Europe.

In addition, the California plane has power operated gun turrets, a revolutionary new type of bomb door, flush riveting and a tricycle gear ideally suited for operations from war-time fields and night landings.

Tahoe School News

At Tahoe branch of Placer Union High School students have completed their first quarter's work and have writtne their final examinations on it. The four seniors who are members of this year's graduating class are Helen Worden, Mary Jane Soll, Billy Bechdolt and Rodney Yeakel.

At Tahoe Lake Elementary School, two new pupils who have enrolled are Nathan and Frances Ann Merrihew.

The seventh graders presented a twenty-minute play n the life of King Arthur at the assembly program last Friday afternoon.

Billy Callender showed the group his fine colored moving pictures of his trip to different Eastern points of interest this winter, including many excellent views of Washington, D. C.

New students enrolled in instrumental music classes are Kenneth Crandall, who is learing to play the drums; Billy Callender, who is taking trumpet, and Paul White, who is learning to play the trombone.

FACES TRIAL

Calvin Custer, former Lake Tahoe resort owner, waived removal from Los Angeles and will be returned to Reno, Nev., to face a charge of evading payment of $12,260 income tax for 1924. He is held in default of $50,000 bail.

Brockway Items

BROCKWAY— Mrs. George Seymour entertained a few friends with a luncehon and bridge at her home in Brockway last Wednesday. Those present included Mesdames Marie Wilbur, Mable Ede, Anna Powers, Frances Bolom, Philitina Vigoletto, Hazel Butcher (all of Reno) and Mrs. Alice Sorenson of Tahoe Vista.

Mr. and Mrs. Clarence Oddie of San Francisco and Brockway spent several days here last week. They are planning on building a new home at Brockway this spring.

Al Gerardi arrived at Brockway on Thursday. He is the water man and will soon be having the water turned on which will be glad tiding for all.

Mr. and Mrs. Roland Smith have returned to Brockway for the summer. They spent the winter in Mexico and Oakland.

Mr. and Mrs. Ward Fields have returned to Tahoe Vista for the summer.

IN MIDDLE WEST

Mr. and Mrs. H. M. Walker of Meeks Bay wrote from Nebraska that they are enjoying a scenic trip to Virginia where they will be the guests of relatives and friends during their vacation.

Mr. and Mrs. Matt Green of Tahoe and Sacramento spent the weekend at the lake.

Tahoe Region News Briefs

Mr. and Mrs. Henry Wehrman left Wednesday for a two weeks vacation trip up the Redwood Highway to Oregon and will tour southern California points before returning.

Edward E. Payen of Folsom, widely known at Lake Tahoe, was elected president of the Amador-El Dorado Cattlemen's Association at the annual meeting held in Placerville Monday.

Miss Janet Lyon of San Francisco was a guest at Tahoe Inn on Monday.

John Stevens returned on Saturday from a ten-day trip to San Francisco.

Mr. and Mrs. C. W. Vernon will open the Tahoe Novelty Shop this week. Miss Lillian Vernon will manage the photo finishing department this season.

Mr. and Mrs. Lee Garner are remodeling their home on Lakeview Drive, adding a fireplace and more windows to the living room.

Mr. and Mrs. Charles Mathews of the Rustic Cottage Court at Tahoe Vista have installed a complete new water system with a new 65 foot well which was drilled on their property recently.

Mr. and Mrs. Ed Wagner of Wagner's Auto Camp have added new gas water heaters to their cabins this spring.

Ben Callender of The Hut at Homewood has remodeled one of his cabins into two small ones.

Mrs. Ethel Burke of Ethel's Pie Shop at the Upper Truckee Wye has enlarged the kitchen of her building this year.

The teachers of Tahoe City schools are included in the new Group Health Insurance plan made available this year to all Placer County teachers.

The huge trout which drew hundreds of tourists last year to stop and admire them near the Truckee River dam outlet are again drawing crowds of admirers as they are visible again in the calm water since the gates are closed.

The North Tahoe Community Club will entertain at a hard times dance in the Kings Beach school on Saturday, April 12. The committee in charge promises a good time to all who attend this first major social affair of the season which will be given to stimulate interest in the social and civic betterment plans of the hustling north end organization. A small charge for refreshments will be assessed.

Dr. G. H. Hinkle of San Francisco State College, with his daughter, Marilyn, is spending the Easter vacation at his Tahoe home.

Mrs. Douglas Smith of Fresno was a weekend guest at the home of Mr. and Mrs. N. R. Mayfield.

Mr. and Mrs. Herb Dana of San Francisco were guests at Tahoe Inn over the weekend.

Mrs. Frank Nease has arrived at her Tahoe home after spending the winter in southern California.

Miss N. C. Breeze of Santa Fe, New Mexico, who has been travelling around the western ski centers, was a guest at Tahoe Inn last week.

Mrs. John Burns of Tahoe Street left last week for a visit to her parents at Burns, Ore.

Mrs. Stella Watson spent the weekend at her ranch home near Folsom.

Henry Worden and his daughter, Helen, and Miss Mary Jane Soll attended the ski meet at Sugar Bowl on Sunday.

Mrs. and Mrs. Tejas Edwards of Lake Forest will assist in the program of Easter music at the Truckee Community Methodist Church on Sunday.

NOTICE

Having leased our grocery store at Carnelian Bay we will no longer be responsible ofr any debts contracted by anyone other than the undersigned.

Mr. and Mrs. C. W. Petersen.

Tahoe Ski Champion is Rated as One of State's Best All-Around Skiers

TAHOE CITY— Lake Tahoe Ski Club members are pleased with the consistently winning record of Carl Bechdolt, Jr., who added to his laurels on Sunday by winning third place in the California slalom championship race at Sugar Bowl, which, with his eigth in the downhill race on Saturday, gave him fifth place in the combined.

Bechdolt, with Roy Mikkelsen of Auburn, is one of the two most outstanding all around skiers in the state. They are not only champion jumpers but are continually among the winners in races as well. Bechdolt is a native son who received all his skiing experience on Lake Tahoe hills with very little instruction from professional skiers. California can well be proud of the fine skiers of the state who are doing so much to publicize the wonderful winter sports attractions of the Golden State.

Kathleen Starratt of Tahoe won second place in the slalom for women on Sunday but broke a ski binding in the downhill race and was unable to finish.

Class A skiers are practicing daily for the big Reisen slalom at Sugar Bowl which will be held April 19th and 20th.

Kings Beach Mothers Plan Easter Egg Hunt Friday

by MADELINE GALLERANI

KINGS BEACH—The Mothers Club held a business meeting on the evening of April 4, with President Vesta Burt presiding.

Plans were made for the Easter egg hunt to be given the children on Friday, April 11, on the school grounds. Along with the hunt a special treat of ice cream and cookies will be served them for their part in selling tickets for the Candy Dance given by the members on Saturday, March 29.

Members acted to purchase more chairs for use in the school room.

Following the meeting all the members participated in a novel game with two of the members winning handsome awards. Refreshments were served by volunteer hostesses, which were enjoyed by everyone.

All mothers and friends arr urged to attend the Easter Parade to be presented by the children on Friday.

PET DIES

Miss Ida Pomin is mourning the loss of her pet cat, Mike, who died recently at the age of ten.

JOSS HOUSES

San Francisco Chinatown's "joss houses," the Chinese temples, derived their name from "Dios", Spanish and Portugese word for God.

Lake Tahoe News

by ANNE B. ANDERSON

TAHOE CONSTABLE MARRIES CAPITAL SCHOOL TEACHER

TAHOE CITY— At a ceremony performed in Gardnerville, Nevada on Sunday, April 6, Miss Dorothy Zacharias of Sacramento became the bride of Harry Johanson of Tahoe. Following the ceremony the couple returned to Tahoe and left Sunday night for a wedding trip to southern California.

The bride, who was a member of the teaching staff of Sacramento schools, had a summer home at the north end of Lake Tahoe where the couple met.

Johanson is constable of Tahoe City, has travelled extensively in Europe and America, and has had a varied career as dog team driver in the far north, including experience in motion pictures. He is a graduate architect of the State University of Sweden and was an army aviator for some time.

The couple will return to Tahoe shortly where they will establish their home.

AT TAHOE HOMES

Spending the Easter vacation at their various Tahoe homes are Miss E. Schilling of San Francisco, Mr. and Mrs. George Watson and Mr. and Mrs. Vern Mullins of Taft and Mrs. W. C. Siefert and party of Piedmont.

MEEKS BAY GROUP COMPLETES PLANS FOR DANCE ON 19th

by MRS. PEARL HELLER

MEEKS BAY—The H and W Club of Meeks Bay held their regular business meeting as usual Monday night with the president, Mrs. May Stark, presiding.

The committee for April reported fine progress being made on the dance and will hold a meeting on Wednesday evening at the home of Mr. and Mrs. Floyd Carnell in Tahoe City to complete final arrangements. The dance will be held in the Veteran's Memorial Hall Truckee on April 19th.

Mr. and Mrs. Carnell were hosts for the evening and furnished the evening's entertainment by having progressive Dutch whist. The awards for high score went to May Stark and Ray Fraizier; the low awards to Mrs. Pearl Heller and Dave White.

Delicious refreshments were served at a late hour.

Mrs. Sam Goss will be the club's hostess next Monday night.

George Kehlet, manager of Meeks Bay, with his brother, Fred Kehlet of Alhambra and San Gabriel, visited at the Tahoe resort over the weekend. He expects to return to the lake in a couple of week to remain through the busy summer season.

BANKING THAT IS BUILDING CALIFORNIA

National Defense

OFFICE OF GOV'T REPORTS

The Office of Production Management announced that up to March 5 Congress had authorized expenditures of $16,300,000 for the Army and the Navy, and the two forces had awarded contracts for $11,880,000,000 of this amount—in addition to pay and subsistence for soldiers and sailors.

OPM also announced that up to March 1, the U. S. and British governments spent about $2,137,000,000 enlarging or building defense plants. Another $393,000,000 worth of plants was financed privately, the agency estimated.

Information on how to get orders, the OPM stated, is readily available from their Defense Contract Service at every Federal Reserve bank. The agency warned, however, that agents or "contacts" cannot help get a contract and any contract obtained through an agent on a fee basis is subject to cancellation.

Defense Investigations

Senator Truman (D., Missouri) announced his special Senate committee was ready to begin its investigation of the defense program for the information of the Senate, and the House voted authority to the Military and Naval Affairs Committees to conduct similar investigations. Both House committees were given power to subpoena witnesses and investigate the labor situation.

Aid to Democracies

President Roosevelt announced he had resleased $500,000,000 in equipment from present Army and Navy stocks for transfer abroad, had allocated $1,580,000,000 for purchase of new defense equipment including shipyards and 212 cargo ships.

The President did not itemize the equipment released, but said the transfers were similar to the release of field artillery to Greece announced earlier in the week. The President also stated he is developing plans to aid Jugoslavia.

Ships Seized

The Coast Guard took into custody 28 Italian, 2 German and 35 Danish merchant ships in American waters to prevent sabotage. Italian and German crews were arrested and charged with sabotage. Some were indicted by Federal juries and the U. S. requested the naval attache to the Italian Embassy be withdrawn because of charges in connection with the sabotage.

Pan-American Relations

Congress passed a resolution warning aggressor nations th U. S. would not recognize the transfer of Western Hemisphere possessions to a non-American power, and providing joint hemisphere defense measures in such cases. The Senate ratified a State Department agreement with Mexico for joint use of existing air bases in the two countries.

Navy Secretary Knox invited Latin American naval service chiefs to visit the U. S. as Navy guests.

Nelson Rockefeller, Coordinator of Commercial and Cultural Relations between the American Republics, said in a public speech that the four most important fields of action for individual American citizens in extending the good neighbor program in the interests of defense are:

1. Popular education about South America in every U. S. community; 2. The teaching of Spanish and Portugese to children and adults; 3. Community action to increase purchases from South America, and 4. Establishment of friendly contacts with South American groups.

New Army Units

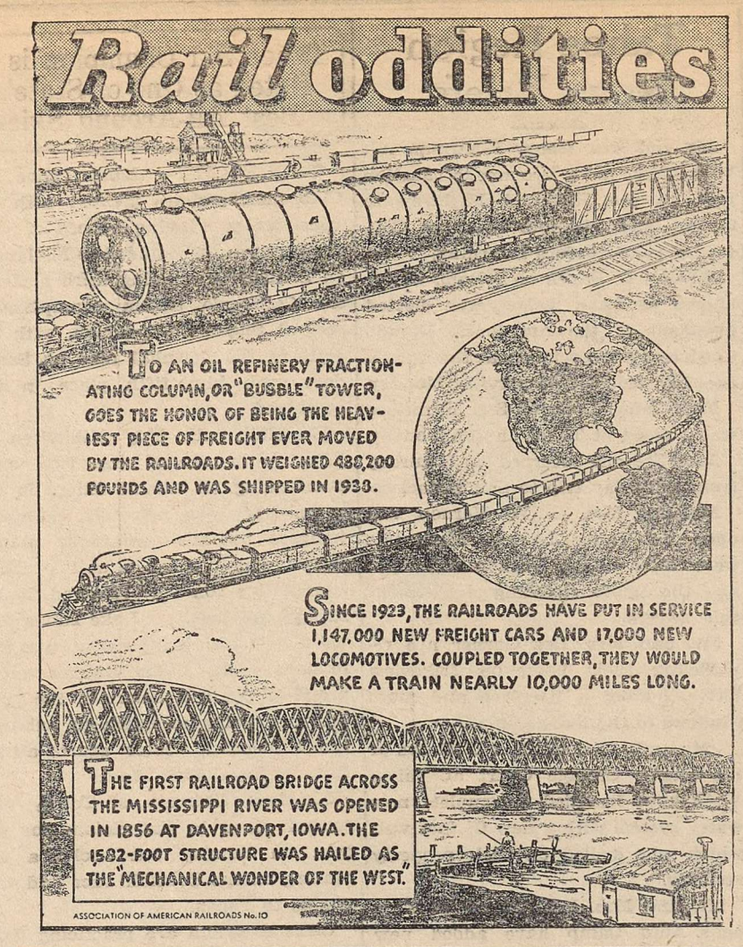
The Army announced plans to form 300 new units composed of 148,000 draftees who will complete 13 weeks' initial instruction at replacement centers by June 30. The new units will include 9 mobile and semi-mobile anti-aircraft regiments, 22 coast artillery groups, 10 light and medium tank battalions, 41 medical, 25 ordnance, 127 quartermaster and 17 field artillery organzations, 9 signal corps groups, and 7 cavalry and 5 chemical warfare units.

Price Stablization

National Defense Advisory Commissioner Henderson, in charge of price stablization, issued price schedules for zinc and zinc scrap, soft coal and iron and steel scrap. Coal prices were "frozen" to prevent extreme rises if the coal strike causes a shortage. The other schedules were issued to halt price rises due to speculation.

POINT LOBOS

The Spaniards named San Francisco's Point Lobos "Point of the Sea Wolves," for its proximity to the Seal Rocks sea lions.



Rail oddities
TO AN OIL REFINERY FRACTIONATING COLUMN, OR "BUSBLE" TOWER, GOES THE HONOR OF BEING THE HEAVIEST PIECE OF FREIGHT EVER MOVED BY THE RAILROADS. IT WEIGHED 438,200 POUNDS AND WAS SHIPPED IN 1930.
SINCE 1923, THE RAILROADS HAVE PUT IN SERVICE 1,147,000 NEW FREIGHT CARS AND 17,000 NEW LOCOMOTIVES. COUPLED TOGETHER, THEY WOULD MAKE A TRAIN NEARLY 10,000 MILES LONG.
THE FIRST RAILROAD BRIDGE ACROSS THE MISSISSIPPI RIVER WAS OPENED IN 1856 AT DAVENPORT, IOWA. THE 1582-FOOT STRUCTURE WAS HAILED AS THE "MECHANICAL WONDER OF THE WEST."
ASSOCIATION OF AMERICAN RAILROADS No. 10

MORE LAKE TAHOE NEWS

TAHOE-PACIFIC ROAD GROUP TO MEET AT WILLITS SOON

One of the Pacific Coast's most vital military "lifelines", the scenic Highway 20, which extends across Northern California from the Tahoe Region to Willits on the Redwood Highway, will be thoroughly studied and discussed Friday, Saturday and Sunday, April 18, 19 and 20, at a six county convention in Willits. Attending will be delegates from Lake, Nevada, Colusa, Sutter, Yuba and Mendocino counties, across which the military lateral runs.

As invited guests will be high ranking state officials—Governor Olson, Speaker Garland, Senators and Assemblymen. Newspaper publishers of the region will be represented and spokesmen for the Redwood Empire and the state chamber of commerce will be there. War and Navy Department observers have also been invited because of the strategic problems of national defense connected with the road.

Outstanding of the proposals to be studied will be the extension of the highway through to Fort Bragg on the coast to facilitate the quick delivery of troops, supplies and ammunition to defense concentrations on the northern California coast.

The program will consist of an organization meeting and banquet at Willit's Hotel Van Friday nght; a special chartered train cruise to Fort Bragg on Saturday for an abalone luncheon with a return to Wilits for an evening of entertainment with the Willits Chamber of Commerce as host. On Sunday the famous race horses, Seabiscuit and Kayak, will play host to the visitors at the Howard ranch.

Caravan tours to Willits from Grass Valley, Nevada City, Marysville, Yuba City, Colusa, Williams and other cities on the route are planned.

IT'S A WET YEAR

At the beginning of this week, rain storms had brought about seven inches of rain to Downieville, states District Ranger Frank B. Delaney. This brings the seasonal total to 81 inches, which nearly equals the total 1940 rainfall. Although this may not be the "dampest" spot in California, the people of Downieville will be glad to see the sun shine again, according to Delaney.

GARDEN SPOT

Every tree, shrub, flower to be found in North or South America has is prototype in Golden Gate Park in San Francisco.

LAKE LEVEL UP AS GATES STAY SHUT IN SPRING STORMS

TAHOE CITY— The level of Lake Tahoe on Monday, April 7, was 6227.11 feet above mean sea level, with all gates closed at the Truckee River dam outlet. Two inches of new snow fell on Sunday night, bringing the pack up to 20 inches at lake level. Precipitation recorded was 1.39 inches and barometers are still in the unsettide area with further storms indicated, though sunshine prevailed on Monday. Temperatures on Sunday varied from 44 to 27 degrees.

Roads are clear and dry and traffic was heavy over the weekend.

Nevada plows are working on the Mount Rose road to the north of the lake and indications are that it will be open in a few days, thus clearing the last remaining closed highway into Lake Tahoe.

Younger Skiers Hosts at Dance at Community Hall

TAHOE CITY— The younger skiers of the Lake Tahoe Ski Club entertained at a spring dance Saturday night with around sixty present from Reno Tahoe, Truckee and other nearby localities. The community hall was decorated with colorful streamers and novelty dances were included on the program.

The dance committee awarded a prize for the best waltzing unmarried couple to Leatrice Goss and James Frazier. An award also was won by W. Ogle of Truckee.

The committee plans to hold dances whenever possible throughout the summer.

Jean Wheat took charge of the music and posters.

The refreshment committee included Helen Worden, Edna Wheat, Joyce Palmer, Betty Woodruff, Mary Jane Soll and Elizabeth Gates of Truckee.

All the younger skiers of the club assisted in decorating the hall.

BANK EXTENDS LOAN SERVICE TO AID IN 'PLANE PURCHASES

Eye-opening progress in an entirely new field of bank lending was revealed this week in figures released by L. M. Giannini, president and executive committee chairman of Bank of America, just six months after the bank's announncement it was making its lending services available to finance the private purchase of light airplanes on virtually the same basis as automobiles.

In the first half-year of the plan's operation, Bank of America in Southern California alone advanced $517,000 to finance the purchase of private planes and loaned an additional half million dollars for a wide variety of other purposes allied with private airplane maintenance and student pilot training.

'A representative cross-section of the way the money was spent," Giannini declared, "is found in the bank's aircraft fiancing in one community. At Compton we financed eight airplanes for invidual buyers, representing a total of $16,119.44. Two club groups of 14 members each financed two more planes, for which $4,508.28 was advanced. Also financed was $640.50 worth of flying instruction for three student pilots, besides six loans totaling $3,145 for insurance, expenses in connection with flight training contracts with the Civil Aeronautics Authority, and other miscellaneous items.

"Two loans, insured under Title I of the Federal Housing Administration and totaling $3,619.44, were made to finance the construction of hangars. The bank even finanaced the construction of a Compton flying instructor's home for him.

"In inaugurating its 'Timeplan' aircraft financing service, Bank of America undertook a step which it believed would be of no small consequence in the National Defense Program. That this was justified is proved by the results so far."

The bank also reports early success for another innovation—financing of the training of student airplane mechanics. At the end of the first month one school reports 100 new students signed up for tuition under the plan.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that bids will be received by the State Park Commission at its office at 417 Montgomery Street, San Francisco, California for a concession for a period of one year, from June 1, 1941, to June 1, 1942, to operate a concession for the sale of foodstuffs, drinks, curios, and other supplies to patrons of the State Park System and others on the following-described property:

That certain building now located near the Donner State Historic Monument in Nevada County, California;

and said concession will be let for the dual purpose of revenue and accommodation and convenience of the general public. FALL OF AN EMPIRE

Now on the disastrous eve of losing all her overseas empire in Africa and with its naval arm already battered by successive defeats, Italy prepares to leave the stage as a world power. Its sorry adventure in imperialism nears its close. Whatever the outcome of the war, Mussolini's Italy has been reduced to the status of a minor nation. Its sovereignty is already held in fief by Germany, and whether Italy sues now for peace or continues to stagger on until exhausted the result will be the same. On he threshold of its exit from the world stage, there is an ironic sound to the latest outburst from Virginio Gayda, Mussolini's penman, seeking to terrify the United States with his story that the Japanese Navy will pounce on us if we irritate the Axis powers. The increasingly frantic warnings directed at this country by Italy's mouthpiece resemble the bluster of the frightened bully who, to the last, seeks to cover his impotent despair with a bold front—and fails to deceive anyone, save possibly himself.

SABOTAGE ON THE HIGH SEAS

Sabotage of ships in ports and at sea at widely scattered points throughout the Western hemisphere, he seizure of German and Italian vessels and the arrest of their crews by both United States and Latin American nations, have been events seemingly closer to Hollywood melodrama than reality. Yet truth has here again proved stranger than fiction. Acting on an authoritative tip, the United States government directed the Coast Guard to carry out the seizure of more than 60 vessels. The Coast Guard performed its ticklish mission with typical efficiency and such swiftness that, in some instances, officers caught crew members in the very act of wrecking their engine rooms. In sriking quickly to halt the destruction or scuttling of vessels in American waters or ports, the United States followed traditional international law and the dictates of common sense.

MR. LEWIS SAYS "NO"

John L. Lewis, forgetful of the great debt labor owes the present administration, has again resumed his feud with President Roosevelt. To a proposal that the soft coal strike, involving 400,000 miners in 12 states, be arbitrated by the President's new labor mediation board, Mr. Lewis issued a flat rejection. Meanwhile, sharply rising indignation over paralyzing strikes in defense industries is moving Congress to consider stern means of checking defense plant shut-downs. The threat of such legislation has provoked Mr. Lewis into the assertion that no act of Congress can turn 45 million workers into indentured servants. No one in Congress or elsewhere would dispute that, though many would say the belligerence of certain labor leaders will never win for workers that type of legislation they would most desire.

Illimitable Income

TO LIVE within their income appears to present a difficult problem to many people. In numerous cases, the supply seems to be insufficient to meet even legitimate needs, and the ceaseless struggle to make ends meet and to keep out of debt robs human experience of its rightful measure of harmony and happiness. Such a state of affairs ought never to be submitted to unquestioningly, whatever the circumstances.

Nowhere in the Scriptures do we find authority for believing that God's will for His children is limitation and lack. On the contrary, we find that whenever men have humbly and trustfully turned to God for help, they have triumphantly come out of their troubles, no matter how hopeless the situation had appeared to be. God's love for His children has undergone no change. He is eternally our Father, and all may turn to Him in absolute confidence that He will answer their call for help, for did not the Master, speaking of the Christ, Truth, promise (John 14:13), "Whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son"?

Someone may say, I have asked God, most earnestly and for a long time, to bring me out of my financial difficulties, and I have received no answer. The asking which meets with no response is not prayer based on the spiritual understanding of God and of man's relationship to Him. A state of insufficient income arises from the mistaken belief that man is material, and that matter is substance. . . .

Paul declared to the Athenians (Acts 17:28), "In him we live, and move, and have our being." Referring to Christ Jesus' words (John 10:30), "I and my Father are one," Mary Baker Eddy, the Discoverer and Founder of Christian Science, writes on page 361 of her textbook, "Science and Health with Key to the Scriptures," "As a drop of water is one with the ocean, a ray of light one with the sun, even so God and man, Father and son, are one in being." Such inseparability of Parent and child can be truly conceived of only as that of infinite Mind and infinite idea. . . .

The coming of spiritual ideas to human consciousness is illimitable, for God, divine Mind, is ceaselessly pouring forth His treasures of spiritual thought to sustain, support, and satisfy His children. The real man possesses true substance by reflection, for Mind, substance, is eternally present and knows no limitation or insufficiency. The application of these grand spiritual truths in human affairs should not be thought strange. The strange thing is that men have so unquestioningly accepted evil as a powerful, controlling factor in human experience. . . .

Let all those who suffer the strain and stress of belief in insufficient income, lift thought above anxious human planning and contriving, and let them turn their thoughts in a new direction. Let them ask God for childlike trust and receptivity, for calmness and courage, for an overflowing sense of gratitude and love, for wisdom and the clear spiritual vision which distinguishes between the real and the unreal. Then let them wait with confident expectancy, and the answer will come, even as it did in the father's sweet assurance to the elder brother of the prodigal son (Luke 15:31), "Son, thou art ever with me, and all that I have is thine."

All that God has is ours by reflection, and He is infinite Mind, divine Love. When the material income seems inadequate to meet the daily demands, let us remember that God alone is the source of supply. We must love God, good, above all else, acknowledge no substance or intelligence but divine Mind, and strive to reflect the divine nature and character in every detail of daily living. When the spiritual fact is seen and understood, unlimited good flows into human experience, and the false beliefs which have seemed to control us loosen their hold and fall away.

To the listening ear come spiritual intuitions, divine aspirations, holy thoughts of joy and gladness, and the wisdom to use the new-found good. The more one uses spiritual ideas, the more they multiply and abound. Thus one finds all his human needs supplied, and so proves the truth of Mrs. Eddy's words (Miscellaneous Writings, p. 307): "God gives you His spiritual ideas, and in turn, they give you daily supplies. Never ask for tomorrow: it is enough that divine Love is an ever-present help; and if you wait, never doubting, you will have all you need every moment."—*The Christian Science Monitor.*

SUPER MARKET

San Francisco's Ferry Building has been proposed as a new low-cost site for the city's wholesale produce district, to which fruits, vegetables and other farm produce could be brought ecnomically by water, rail and truck.

BIG BALL PARK

Seal's Stadium in San Francisco is the lragest roofless baseball arena in the United States.

REMINDER

How about that old 1929 driver's license? Have you had it renewed?

We have a product to sell of which we are justly proud. We do not ask you to take our word for it, all that we ask is a trial of clean, efficient, inxpensive oil heat by you. We are convinced that all you've got to is try it and our product will be its own salesman.

Now that winter is passed, many of our friends might think that the cold has passed but there'll be a many a nippy night from now on don't be left out in the cold.

Christian Science Service

In all Christian Science churches, branches of The Mother Church, The First Church of Christ Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, April 13, on the subject, "Are Sin, Disease and Death Real?"

The Golden Text will be: "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?" (Ps. 27:1). Bible selections will include the following passages from Psalms 107: 1, 17, 19: "O give thanks unto the Lord, for he is good: for his mercy endureth for ever....Fools because of their transgression, and because of their iniquities, are afflicted....Then they cry unto the Lord in their trouble, and he saveth them out of their distresses."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, will also be included, which reads as follows: "Both sin and sickness are error and Truth is their remedy. The truth regarding error is, that error is not true, hence it is unreal. To prove scientifically the error or unreality of sin, you must first see the claim of sin, and then destroy it. Whereas, to prove scientifically the error or unreality of disease, you must mentally unsee the disease; then you will not feel it, and it is destroyed" (p. 461).

San Francisco is Building Big Underground Garage to Beat Traffic Problem

SAN FRANCISCO —(RNS)— Excavation of San Francisco's historic Union Square was under way this week, forerunning construction of the nation's first large underground public garage. Completion of the 1700-car garage, within a year, is expected to benefit San Francisco's visitors by unsnarling traffic in the downtown district.

Dewey Monument, for nearly 40 years a landmark in "The City's" Union Square, will be put in a box until completion of the project.

A Day That's Gone

A day that's gone—happily and forever—from the calendars of many sensible housewives is old Blue Monday, the weekly washday: the pestiferous span of eight or ten hours of back-breaking labor.

It's gone because of the coming of the modern laundry with its capacity of rendering quick and efficient service. Try us next time on the family wash and see how much you save in time and money and work.

Rapid and Expert

* * *

Those two words sum up the secret of our success and the service we render. Modern equipment, expert workmanship, and a pride in our labor enable us to give the sort of service that satisfies. All charges reasonable.

Counties Get Shares Out Of Liquor License Fees From Equalization Board

Richard E. Collins, third district member and chairman of the state board of equalization, today announced the allocation of $6,812.34 to Nevada County and $8,565.62 to Placer County as their shares of the semi-annual distribution of alcoholic beverage license fees.

Of this county's total, $3,352.50 was for the unincorporated area while in Placer $3,351.87 went to the corresponding area.

Collins pointed out that the current distribution for the entire state amounted to $1,283,931.32. This represents half of the net feets of $2,567,862.64, earned during the last half of 1940. The state's earned share of this income goes into the general fund.

The academic cap and gown used in American schools originated in China 2,000 years ago.

WINS TOURNEY

Mr. and Mrs. Bert Weeden and son, Bert, were guests of Mr. and Mrs. George Cooper in Oakland over the weekend. While in the bay area, Weeden participated in a flycasting tournament and took first place in a field of 12 casters.

From Oakland—

Mr. and Mrs. George Moore of Oakland, former Truckee residents, were visiting here this week.

Women's Society—

The Women's Society of Christian Service of the Community Methodist Church will hold a food sale Friday, April 18 at Lloyd's Variety Store.

Baby is Named—

Barbara Olivia is the name of Mr. and Mrs. Ernie Dugan's daughter, who was born on March 25 in Reno. The baby was named for her mother, the former Barbara Bolender, and her grandmother, Mrs. John Wolert.

Visits in Valley—

Mrs. C. J. Bowers is visiting with relatives and friends in the Sacramento Valley.

Private, First Class—

Mr. and Mrs. George Waters have received word from their son, Orlin, who entered the Army service last November, that he is now a first class private, stationed at Fort Douglas, Utah.

Returns from Visit—

Mrs. B. J. Riordan returned from Colfax where she was a recent visitor at the home of Mr. and Mrs. Chester Gibbs.

Today about 800 U. S. concerns either make airplanes or supply them with parts. Ninety concerns produce complete planes.

A recent study shows that in 114 non-defense categories of federal spending, there has been a growth of $3,665,197,000 in a single decade.

A process for making artificial wool from peanut meal has recently been patented in this country.

In Salinas—

Keith Weeden is visiting relatives and friends in Salinas during the Easter recess from school.

Up from Modesto—

Mr. and Mrs. Paul Seely of Modesto spent the weekend at the latter's former home here.

Returns to Roseville—

Clyde Murray returned to Roseville on Saturday following relief duty for S. P. Foremen B. J. Riordan and T.E. Pinckney during their days off this month.

Here for Several Days—

Miss Ruth McLeod of Reno, former Hobart Mills resident, was the guest of Miss Stella Zorich for several days recently.

RETURN VISIT

Miss Mae Kayo of Penryn, deputy grand matron of this district, will instruct the officers in their work again at the regular meeting of the Truckee chapter, No. 116, O. E.S., at the regular meeting to be held on April 15.

Pelicans can hold more food in their mouths than in their stomachs.

$22,961 Spent by County For Aid of Aged, Blind And Orphans in Month

Public assistance payments to Nevada County residents totalled $22,961.55 during February, announced the state department of social welfare this week.

Old age security security payments accounted for most of the expenditure, $19,216.55 going to 492 elder citizens of this county. One hundred and sixty-two needy orphans and half orphans received $2,745. This county's 20 blind aid recipients were paid a total of $1,000.

The monthly report by Martha A. Chickering, director of the state department, indicated that the state's present difficulties with federal officials regarding the exempt income portions of the aged and blind aid laws are now in the hands of the legislature for solution.

Should federal demands be met and the exempt income provisions repealed, revised reports of the state department indicate that the grants of over 45,000 aged and blind persons will be permanently reduced after July 1.
